The Two Man Links Championship

Bandon Dunes Golf Resort

May 1-5, 2010

Bandon Dunes is true to the spirit of Scotland's ancient links.

*Here, players immerse themselves in the traditions of a timeless game
and the grandeur of Oregon's rugged coast.*

Sweeping, untamed shores stretch for miles. Primeval grassy dunes roll to the sea.

*Three distinctly different courses have been conceived in harmony
with the natural environment. They combine with all the essential elements
to reveal a new golf experience every time you play.*

The soul of the game resides here. Players walk.

*And at the end of the day, gracious hospitality comforts each guest
like a warm, friendly embrace. This is Bandon Dunes.*

This is golf as it was meant to be.

You are invited to join us for the 9th Annual amateurgolf.com Two Man Links Championship.

This packet contains important information about the golf tournament, our itinerary for the week, and other essential items. In addition to the golf, your tournament entry fee includes a welcome reception and dinner plus our gala tournament dinner and “pre-final round” awards presentation.

The Saturday welcome reception is a great opportunity to meet the other players in the field prior to the tournament. At the Tuesday tournament dinner, although we will still have one round left to play, we will award prizes for low rounds of the first three days and any other grand accomplishments – over the years we have had holes-in-one, incredible shots, a player bettering his age, and much more.

Joining us on the rugged Oregon Coast for a competitive golf “vacation” is always good therapy, and it is a fantastic way to get to know someone better. Over the years, we have seen players utilize the opportunity to stay close with a family member or old friend that might reside in a different location.

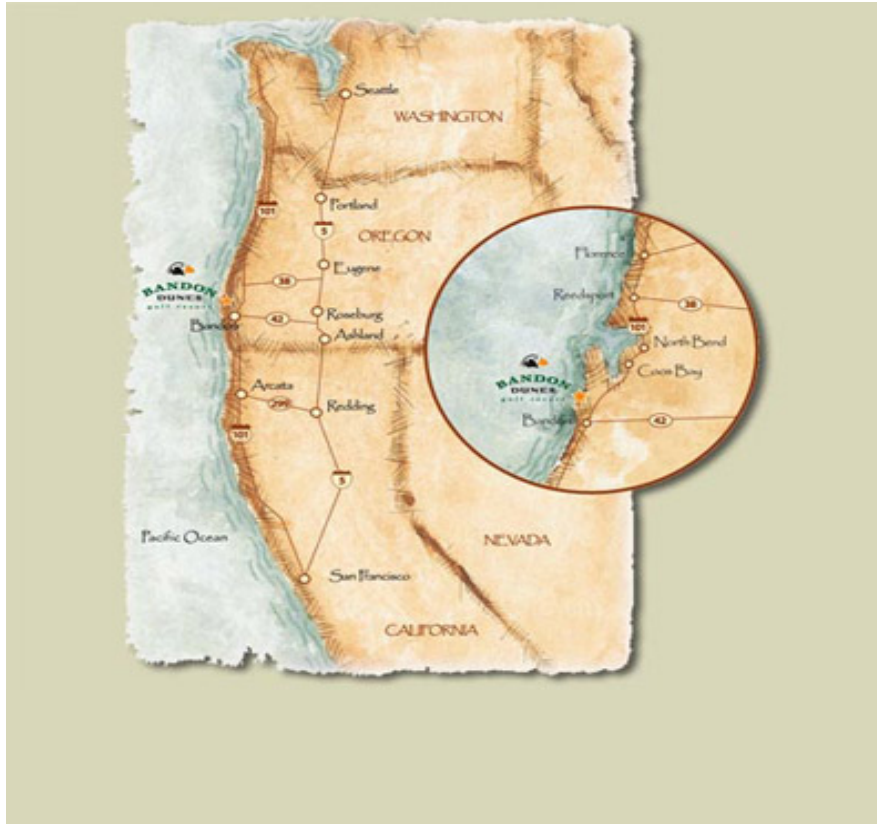

There is something about the tournament setting that makes playing these fantastic links courses and meeting players from around the U.S. and Canada (and even Great Britain and Ireland) all the better. After all, it’s in the competitive spirit of the game that we are able to “unplug” better on the golf course than anywhere else.

Plan on bringing a couple of pairs of broken-in golf shoes, because there are no carts at Bandon Dunes -- where they like to say -- enjoy the walk!

Sincerely,

Lodging Options

LILY POND - (Double occupancy) The Lily Pond Rooms offer the resort's best value for overnight lodging. Just a wedge shot from the Lodge, a paved walking trail connects the Lily Pond Rooms to the Lodge and first tee at Bandon Dunes. Spacious sitting area, two queen beds, fireplace, and private bathroom. Each room has either a balcony or patio with a view of a natural lily pond.

CHROME LAKE LOFT (Suite style room) - Chrome Lake

Lofts are extremely popular with our tournament players, and have sold out many years. Each Chrome Lake Loft offers a spacious sitting area and two bedrooms, each with one king bed and separate bathroom. In the sitting area, a vaulted ceiling opens the room to two adjacent alcoves, one with a fireplace and the other that serves as a card room. You can't go wrong with the setting, overlooking the lake or surrounding forest.

LODGE SINGLE - The Lodge at Bandon Dunes is the center of activity at the resort. Every year we reserve a few single rooms, each with one queen bed, for those that prefer the convenience of being adjacent to everything The Lodge has to offer. Some rooms have golf course and ocean views, while others have views of the dunes and surrounding woods.

GROVE COTTAGE - In the spirit of *Golf As It Was Meant To Be*, these four-bedroom cottages are perfect for a foursome. Grove Cottages include four bedrooms, each with a king bed, private bath and a parlor - the largest room in any of the accommodations at Bandon Dunes. Built into each bedroom and parlor are floor-to-ceiling corner windows that offer pristine views of Round Lake to the east, the Lily Pond to the West, or a garden setting. Guests will enjoy an indoor fireplace and outdoor patio tucked into Bandon's natural landscape.

General Information

Checking In

Players should check in at the front desk of the Bandon Dunes Lodge upon arrival. A credit card imprint will be taken at this time to cover food and beverage, extra golf, and early or late lodging charges. Portage upon arrival and departure and transportation around the resort during your trip is included with your entry fee. Any additional tipping is optional.

Checking Out – Important information - Checking out of the hotel in a timely fashion is your responsibility. All bags must be packed and removed from your room before play. The porters can store baggage and there is a shower facility in the main Lodge that can be used after play on Wednesday. It is important that all players communicate with the front desk to make these arrangements- amateurgolf.com does not have authority to waive standard checkout time.

Food and Beverage - 'The Gallery' is a full service restaurant at the Lodge, offering all meals, with breakfast served as early as 6am. Another great dining and relaxing option is 'McKee's Pub,' decorated in traditional Scottish style and serving pub food and beverages from 11am to 10pm. For the days we tee off at Pacific Dunes, the casual 'Pacific Dunes Grill' is open for breakfast at 6:30am, or you may chose to have breakfast at the Lodge before being transferred to Pacific Dunes.

Caddies – The courses at Bandon Dunes are walking courses. Taking a caddy is not a requirement, but walking is. Caddies at Bandon Dunes are a wonderful part of the experience, and we recommend them highly.

Transportation to and from Golf Courses and Range - Bandon Dunes is a self-contained resort. Shuttles operate on request between all rooms, all golf courses, and the main lodge, (also the location of the Bandon Dunes course) and the practice facility. Just dial extension 5894 from your room.

Pacific Dunes

Doak's Notes

Every architect dreams of building among the sand dunes, in the same terrain where golf was conceived in the British Isles. For me and my associates, Pacific Dunes is that dream come true.

I suspect that any golfer would have found some of the same holes, like the par-4 13th along the ocean, but it was an enormous responsibility to find the best possible routing on a site of such potential. The rippling fairways are mostly as we found them; so are the natural bunkers at the 2nd, 7th, 11th, 13th, 16th, and 18th holes, which guided our routing. Our layout is short enough to give every golfer hope, but its rugged nature will test every facet of your game.

Together with its big sister, Bandon Dunes, this must be the finest 36 holes of golf at any resort in the world. It was the highlight of our careers to participate in its creation, and we had only one chance to get it right. We hope you have many more opportunities to play over this beautiful ground, and to come to appreciate it as we have.

Bandon Trails

Coore & Crenshaw's Notes

In the profession of golf architecture all one can ask for is to be given an extraordinary site and the freedom to work with it. Mike Keiser has afforded both at Bandon Trails. We have tried to tread softly on this spectacular landscape, laying out a golf course that required little alteration to the site while providing golf as diverse as the land itself. As its name implies, Bandon Trails will take you on a journey, a nature walk if you will, through windswept dunes, meadows of vegetation framed by indigenous shrubbery, and through woodlands of towering fir and spruce trees. Sometimes the journey and the golf will be wild and tumultuous, sometimes serene. Whichever, we hope it will always be interesting and enjoyable.

Bandon Dunes

Kidd's Notes

From the moment I stepped out on these wild, wind-shaped sand dunes, I knew this would be the opportunity of a lifetime. The owner, Mike Keiser, wanted something authentic and true to the Scottish tradition. My reply was, “No real estate, no golf carts, no clubhouse on the beach.”

I imagined the routing having the structure of a symphony — a strong start, a sense of anticipation, small crescendos, and an incredible finishing sequence along the Pacific. The course had to provide not only a challenge to every skill level, but also a sense of adventure and an exploration of this great landscape. As on true links courses, each hole offers several strategies to reach the green. Although the fairways and greens are large, the best line of attack requires accuracy, which can always be tricky. Players must consider the sea breeze and the firm sand-based turf. Newcomers to links golf must master playing the ball along the ground, shots that have all but disappeared from today's game.

It thrills me now to watch the public playing the game as it was originally meant to be played, on the finest linksland I've seen outside the British Isles.
